ABOUT IPRX PAC

Independent Pharmacists' RX PAC (IPRX PAC), the Alliance of Independent Pharmacists of Texas political action committee, is an essential part of our advocacy program. IPRX PAC provides our members and those with strong interest in independent pharmacy a way to maximize the impact of their political contributions in support of pro-pharmacy and small business candidates and legislators.

As state and local laws and regulations become an ever-increasing presence in your day-to-day business, IPRX PAC works to ensure the voice of independent and compounding pharmacists are heard by lawmakers. The strength and ability of our profession to impact public policy decisions depends on your participation and contributions.

POLITICAL STRENGTH

YOU CAN'T AFFORD NOT TO PARTICIPATE

We believe it's critical to support candidates that understand the pharmacy point of view and realize the vital role independent pharmacists play in the well-being of all Texans. By supporting IPRX PAC, you are joining the grassroots efforts of like-minded independent pharmacists that will work to ensure the viability of the independent pharmacy industry through advocacy and candidate education. Your contribution to IPRX is an investment into the future of your profession and one of the most affordable options for political involvement. IPRX represents your political interests at the state level and is prohibited by law to donate to federal elections campaigns. Additional, IPRX PAC is prohibited by law from accepting corporate donations and therefore may only accept personal or non-corporate checks or credit cards. There are no limits to what an individual may contribute to IPRX PAC.

REPRESENTING YOU

IPRX PAC is for every independent pharmacist—no matter which group you are a member. Our goal is the same:

- to help elect leaders that understand the importance of independent pharmacy and small business in Texas. We can't succeed without your support.
